At Yamaha, customer satisfaction is our top priority. It fuels our relentless pursuit of a more reliable, exciting boating experience. As if happy customers aren't reward enough, Yamaha received its ninth consecutive Marine Industry Customer Satisfaction Index® Award. In the history of the award, we're the only outboard company, ever, to achieve this. We're staying the course in 2011, releasing new outboards, re-engineering existing models and revolutionizing the worlds of bass fishing and offshore boating. As we continue to chart new waters, know that one thing will remain unchanged — Yamaha's legendary reliability. After all, that's what has helped us keep our customers so satisfied, for nine years running.

This Current Model List, effective August 1, 2011, supersedes any and all previously printed Current Model Lists.
